Throughout the training, you'll see many examples. The goal is to get you in the habit of being bold and being a great recruiter. We won't cover every scenario, but you will be equipped with the skills to adapt to any situation.

APN (our ATS) - HiTalent

Having a centralized ATS (Applicant Tracking System) throughout the recruitment process is key. By utilizing APN, everyone has a clear view of important updates and information related to the job req. and candidate.

(in each module, we'll dive deeper into APN and how to utilize our ATS)

- APN is designed as a one-stop-shop for all your recruitment needs.
- All updates regarding your candidate should be up-to-date and in APN as well.
 - Update your notes as soon as possible to avoid a backlog in your own schedule.
- Feel free to share your ideas on improving the system with your leaders!

Stay Organized

- Utilize all the tools provided to you
 - Schedule all your meetings, tasks, reminders, etc. in Lark
 - APN for organizing your candidates in Hotlist, Candidate Information, Status Update, and more

Remember...

- You're always someone's partner, whether it be with your Account Managers, sourcers, or candidates.
